Exam “Automotive Vision/Fahrzeugsehen“

On Tuesday, March 24, 2020

the exam will take place in the time between 8:00 a.m. and 9:00 a.m. in the Carl-Benz lecture hall.

Students can register for the exam online via the “Studierendenportal des KIT” at https://campus.studium.kit.edu or by submitting the examination certificate to the office of the Institute of Measurement and Control Systems (building 40.32, room 140, campus south). The registration can only be done until March 17, 2020. Afterwards, registration is not possible any more.

Canceling the registration is possible online via the “Studierendenportal des KIT“ until March 23, 2020. Thereafter, canceling the registration is only possible until the start of the exam by declaring the cancellation in person to the examination chairperson in the lecture hall. Please note that you have the possibility to print out a registration form if you register online. Please bring this form to the exam.

The list of participants will be published on the webpage of the Institute of Measurement and Control Systems. Please check in time whether you are listed.

You need to bring the following items to the exam, (a) your student identity card, (b) writing materials, and (c) a ruler. Printed and handwritten materials (e.g. personal notes of the lecture, printouts of the slides, scripts, textbooks) are allowed. The usage of pocket calculators, computers, mobile phones, and other electronic devices is not allowed.

We offer consultation hours in order to support the preparation for the exam. The consultation hours will take place at

- March 18, 2020, 9:30-11:30 (building 40.32, room 032)
